Subject: FW: Telephone Call - General Line - Gordon Garrison

Does this help you remember anything on your end? Sounds like the interaction was mostly on EPAs end previously. I wonder if you know anything on the CAFO? If not I will leave it alone

Glenn Curtis, Chief

From: Mindrup, Mary <Mindrup.Mary@epa.gov>

Back in 2017, Mr. Garrison requested a sole source aquifer to protect the water on his land because of concerns about a next door neighbor with a CAFO. New Fashion Pork – BWT Holdings LLP

This information was coordinated with Water Enforcement, Pollard, at the time. On the sole source aquifer piece, ENSV (Josh Tapp) agreed to assist the WWPD in conducting an evaluation since it is similar to Environmental Review. Joe Summerlin visited Mr. Garrison's site and wrote a report. I do not have an electronic copy of that report. Towards the end of 2017, Chris M had a conference call with Mr. Garrison who agreed to withdraw his sole source aquifer exemption request. EPA explained that the request didn't meet the criteria and it would be easier on Mr. Garrison if he simply withdrew the request. Mr. Garrison's concerns were the impacts from the neighboring CAFO and contaminating his well. IDNR was involved as well. Someone did an inspection of the CAFO, not sure if it was EPA and/or IDNR.

Date: Today, 03/04/2021
Time: 2:05 p.m.
Name: Gordon Garrison
Tel: 712-858-4507

Mr. Garrison requested to speak to Jeff regarding three topics:

1. 2020 Iowa Impaired Waters List
2. NPDES program re large scale CAFO waste management field
3. He shared that he applied for an aquifer – when Gina McCarthy was in office.

Mr. Garrison would appreciate a telephone at your earliest convenience.

Thank you!!

Kind regards,
Julia
